Flick, Satterlee win in opener at Selinsgrove
By Steve Williams
For The Daily Item

SELINSGROVE — AJ Flick and Greg Satterlee opened Selinsgrove Speedway's racing season with wins in a pair of 25-lap feature races.

Flick, of Apollo, wired the field in the 410 Sprint Car feature to post his first win at the track. Satterlee, of Indiana, won for the ninth time at Selinsgrove in the Late Models run.

Flick started from the pole position while substituting for Michael Walter, and he led all 25 laps, holding off repeated challenges from Danny Dietrich to secure the win by 0.85 seconds. Flick became the 150th different winner in the track's 410 sprint car division.

Kerry Madsen ran second to Flick early on, with Chase Dietz, Dietrich and Austin Bishop rounding out the first five. Madsen remained within striking distance until Lap 15, when an engine failure forced him to stop on the track and brought out a caution. The restart created additional drama as Dietz, dealing with low pressure in his right rear tire, attempted to stay on the track. He eventually slowed after the field cycled past, triggering another caution and reshuffling the field behind Flick.

Dietrich mounted his strongest challenge following the restart, repeatedly diving low into turns in an effort to overtake Flick. Despite the pressure, Flick maintained control and took the checkered flag.

"We really weren't that good in the heat, to be
honest," Flick said. "The guys worked on it and did a great job. I couldn't move the wing around too much, but we were good in (turns) one and two. So I just moved around to keep Danny guessing."

Dietrich finished second, followed by Bishop, Jason Schultz and Mark Smith.

Lane Snook led the Late Models feature at the start, with Rick Eckert, Satterlee, Dylan Yoder and Gene Knaub trailing behind. An early caution on Lap 2 for Colton Flinner slowed the field. Following the restart, Snook and Satterlee separated themselves from the pack while Robbie Blair and Ross Robinson moved into contention. Another caution on Lap 13 for Yoder set up Satterlee for the winning pass. On the restart, Satterlee shot to the outside of Snook entering Turn 1 and completed the pass down the backstretch to take the lead.

Blair challenged Snook for second in the closing laps, but Satterlee pulled away to win by 1.2 seconds.

"The track was really technical tonight," Satterlee said. "If you didn't hit the bottom right, you ended up in no-man's land. Lane was really good, and I knew once we got strung out he'd be hard to pass. So I had to take my shot on the restart." Snook finished second, followed by Blair, Robinson and Eckert.

Flick Becomes 150th Different 410 Winner; Satterlee Scores Opening Night Super Late Model Win

Written by Bert Wojcik

Friday night could have been a preview of what's to come this year at the Selinsgrove Speedway. The best of the best in Central Pennsylvania when it comes to the High Caliber Cranes 410 Sprint Cars and the Selinsgrove Ford Super Late Models were going at it in two races that outdid any expectations the night may have had to open up the 80th season of racing at the Fastest Half Mile on the East Coast presented by Sunbury Motors. With Apollo, PA's AJ Flick scoring his first career High Caliber Cranes 410 Win and Indiana, PA's Gregg Satterlee picking up the opening night win with a late race charge in the Selinsgrove Ford Super Late Models. All this action took place in just a 2 and half hour window.

18 High Caliber Cranes 410 Sprint cars signed in for racing action. With a slight chance of rain, the Selinsgrove Speedway officials kept the show moving on Friday night. Almost immediately after the final heat race for the Selinsgrove Ford Super Late Models finished, the call went out for the first feature of the season to start in 5 minutes. Flick and High Limit Series competitor “The Madman” Kerry Madsen from St. Mary’s, NSW, Australia brought the field to green with Flick taking the advantage on Madsen while York, PA's Chase Dietz was nipping on their heels as Flick led the first feature lap of the 2026 season.

Meanwhile, defending High Caliber Cranes 410 Sprint Car Champion Danny Dietrich from Gettysburg, PA was moving from his 5th starting spot and started to battle for third with Dietz when the motor expired on the Vermeer Racing #55, bringing an end to Madsen’s night while running second. During the caution period, Dietrich would pull up next to Dietz to indicate that his right rear was going down. Dietz did not take the hint and stayed out for the restart with 15 to go. Dietz was passed by Dietrich and Elverson, PA’s Austin Bishop as Dietz would slow and make his way to his crew in the infield for a new right rear, causing the second caution of the race. Dietz would rejoin.

That would move Dietrich behind Flick. Flick would find the high side and use clean air to pull away from Dietrich with 14 laps to go. As laps wound down, Dietrich fell back to nearly a second behind, but started to knock time off as Flick got into lap traffic with less than two laps to go. Dietrich would cut nearly 8 tenths off and was all over the tail tank of Flick, but Flick was too strong as AJ Flick became the 150th different winner in the High Caliber Cranes 410 Sprint Cars at Selinsgrove with Dietrich, Bishop, Carlise, PA's Jason Shultz, and Sunbury’s Mark Smith rounding out the top 5.

“This is pretty damn cool isn’t it?” Flick exclaimed in High Caliber Cranes Victory Lane. "There were top notch drivers here tonight. We got a heck of a group of guys and my expectations were not to come in here and win. We couldn't play with the wing too much. I did everything I could to keep Danny guessing and was committed to the bottom in three and four.”

22 Selinsgrove Ford Super Late Models signed in for their first event of the season. They would not be outdone by the 410’s on the night as defending Selinsgrove Ford Super Late Model Champion Rick Eckert of York and, making his second Super Late Model start, Port Royal’s Lane Snook, the defending Creekside Auto Sales Limited Late Model Champion would lead the field to green. Snook looked like he did all last year in his limited, getting out to an early lead on Eckert

and would lead the first 7 laps before Allison Park, PA's Colton Flinner would make contact with the wall in turn three and have to be double hooked for an end to his night.

Satterlee, from his third starting spot, would get around Eckert with Centerville, PA's Max Blair trying to find his way around Eckert. Eckert and Blair would make contact, allowing Ross Robinson of Georgetown, DE to close in and make it a three wide battle for the third spot. Blair would get around Eckert and so would Robinson for fourth as Middleburg's Dylan Yoder would come to a stop on the back straightaway. He would rejoin as we reached the halfway point.

On the restart, Satterlee would take the bottom away from Snook and make him go up high as he pulled a nose ahead of Snook. Snook would keep pace with Satterlee, but just as he started to make time up, it was too late and Satterlee won his 9th Selinsgrove Ford Super Late Model win over Snook, Blair, Robinson, and Eckert.

"I was able to get a run on Snook and I knew I was going to struggle to pass him when it got strung out," Satterlee said in High Caliber Cranes Victory Lane. "We really worked on the car to get it a good balance on the car this winter. It was a technical track tonight. If you missed the bottom you were off the guardrail but the track was excellent tonight. We hope to be in this spot a lot this year here."

Selinsgrove Speedway is back in action this coming Friday, April 17th with the Selinsgrove Ford Super Late Models, and the Keller's Auto Body PA Sprint Series 305 Sprint Cars and the Gator's Guns Street Stocks making their season debut.

Satterlee's repeat highlights 3-division card at Selinsgrove

By Steve Williams
For The Daily Item

SELINSGROVE — Greg Satterlee continued his early season dominance at Selinsgrove Speedway on Friday night, powering to his second straight Late Models victory in convincing fashion.

Drew Young captured the 305 Sprint Cars feature, and Jasen Geesaman prevailed in the Street Stocks main event during a competitive three-division program. Satterlee's win highlighted the night, as the Indiana, Pennsylvania, driver once again showed control of the Late Model field, using a decisive mid-race move in traffic to take command and pull away.

At the start of the feature, Lane Snook surged to the early lead, with Satterlee quickly settling into second ahead of Jeff Rine, Ross Robinson and Dylan

Yoder. Snook built a 3/4-- second advantage before encountering lapped traffic, allowing Satterlee to close rapidly.

Satterlee made his move, driving the high side of turn two to edge past Snook for the lead. A caution flag soon followed, but Satterlee remained firmly in control on the restart. Behind him, Robinson, Yoder and Rine battled three-wide for position while Satterlee stretched his advantage. Snook mounted a late charge and briefly drew alongside the leader before contacting the turn-two wall, ending his bid for the win.

2026 Selinsgrove Speedway Results

Satterlee cruised to the checkered flag, finishing 5.1 seconds ahead of Rine. Robinson, Yoder and Coleby Frye completed the top five.

“The track was really good tonight,” Satterlee said. “Lane was really fast again, but if you got out of your line a little, your speed really suffered.”

Dustin Young rocketed to the front of the Sprint Car feature from the pole position followed by Drew Young, Chris Dolan, Ken Duke Jr. and Tyler Erdley.

Dustin Young was flying high in the front when he suddenly slowed and rolled to a stop, ending his evening. The entire field was able to avoid contact with the stalled vehicle.

Dolan dogged Drew Young on the start with Kruz Kepner and Logan Spahr making big moves into the top five. On Lap 6, Colby Womer lost his steering and left the speedway over the fence in turn three, bringing out the red flag. Womer was quickly out of the car and was uninjured.

Erdley used the restart to take over third, and he started to pressure Dolan, who was glued to the rear nerf bar on Drew Young’s racer.

Late in the race, Drew Young and Dolan started to open a lead on the field, with Dolan pulling even at times. Drew Young held the lead, taking his second win at the speedway by 0.18 seconds over Dolan, Erdley, Kepner and Spahr.

“The track was really good,” Drew Young said. “I knew Dolan was trying to get underneath, and I thought, Get down.”

In the Street Stock feature, Geesaman took control early and never relinquished it. Brandon Moser, Brad Mitch, Troy Miller and Tommy Dawson followed in pursuit.

Geesaman, Moser and Mitch broke away from the pack, setting up a three-car battle for the win. In the closing laps, Mitch moved into second, but Geesaman held steady to secure the victory by 0.7 seconds. Mitch, Moser, Miller and Dawson completed the top five.

410 Sprint Car Ray Tilley Classic, Limited Late Models, Street Stocks

Smith claims Tilley Classic at Selinsgrove
By Steve Williams
For The Daily Item
SELINSGROVE — Mark Smith of Sunbury capitalized on late race misfortune to win the Ray Tilley Classic for 410 Sprint Cars on Friday night at Selinsgrove Speedway, inheriting the lead when dominant driver Chase Dietz suffered a flat tire with just laps remaining.

The victory came during a night honoring track legend Ray Tilley, who still holds the speedway's all-time open-wheel wins record with 69. Smith held off a hard-charging Dietz over the closing laps to secure his 36th career win at the track across multiple divisions.

After two weeks of runner-up finishes in the Late Models, Lane Snook won the season opener in the Limited Late Models while Troy Miller was the Street Stocks winner.

Dietz appeared to have the race in hand early. He surged to the lead at the start of the 410 Sprint Car feature, followed by Danny Dietrich, Austin Bishop, Jake Karklin and Smith. Dietrich exited on lap three with mechanical issues, while Dietz quickly distanced himself from the field using the high groove.

By the halfway point, Dietz had built a commanding lead of more than 10 seconds and eventually

2026 Selinsgrove Speedway Results

stretched it to more than 17 seconds while lapping up to third place. However, lapped traffic began to slow his pace, allowing Smith — who had worked into second — to chip away at the deficit.

Just as Dietz seemed poised for a dominant victory, his night unraveled with a flat tire, forcing him to slow on the track and surrender the lead. His crew made a quick change, allowing him to rejoin the field for fifth place.

A caution-filled closing stretch set up a dramatic finish. On a restart, Karklin faltered and made contact with Zach Newlin, bringing out another yellow. Dietz used the restart to move past Bishop and into contention, but he ran out of time. Smith held on for a narrow victory, beating Dietz by 0.395 seconds. Bishop finished third, followed by Ryan Taylor and Kody Lehman.

“I’d rather be lucky than good,” Smith said. “I’ve won more being lucky and lost even more being good. We’re finally getting this car figured out — we just can’t get it to fire off well with a full fuel load. Thanks to the (car owners) Keens for giving an old guy a chance to drive.”

In Limited Late Model action, defending track champion Snook led from the start and controlled the race despite multiple cautions to win the season opener.

Snook took the early lead over Andrew Yoder, Ryan Zook, Daulton Bigler and Shaun Miller. A red flag halted the race early when Nathan Long flipped in turn four during his Limited Late Model debut. Long was not injured.

Following the restart, Bigler moved into third as Snook and Yoder pulled away from the field. A lap-seven caution for Maddox Smith’s flat tire tightened the field again, but Snook remained in control.
A late caution for Yoder set up a final sprint to the finish, but Snook maintained his advantage to secure the win by one second over Zook. Bigler, Miller and George Dixon completed the top five.

“It feels good to win the opening race,” Zook said. “The Limited has been going good, and so has the Late Model. I just have to quit making mistakes.”

In other action, Troy Miller earned his 22nd career win at the speedway, adding to his four track championships. He took the lead on lap seven and held off Brad Mitch, last week’s winner Jasen Geesaman, Brandon Moser and Tommy Dawson.
The Susquehanna University football team was in attendance and joined all of the winners in victory lane.

McCreadie honors father with victory

By Steve Williams

For The Daily Item

SELINSGROVE — Driving a car honoring his late father, Tim McCreadie charged from behind in the closing laps Thursday night to win the World of Outlaws Late Models feature at Selinsgrove Speedway.

McCreadie regained the lead with seven laps remaining, and pulled away for his second career Selinsgrove victory, defeating Drake Troutman by 1.8 seconds. Mason Zeigler finished third, followed by Daulton Wilson and Nick Hoffman.

Earlier in the evening, Ryan Zook captured his first career Limited Late Model feature victory. McCreadie jumped to the lead at the start of the 40-lap main event with Troutman, Zeigler, Lane Snook and Hoffman close behind.

Troutman found momentum on the high side, and surged past McCreadie, exiting turn four on lap 10. The two frontrunners quickly distanced themselves from the field, while Zeigler and Hoffman battled behind them for third.

A caution on lap 20 erased Troutman's comfortable advantage when Tristan Chamberlain slowed on the speedway.

On the restart, Troutman maintained the lead, while McCreadie and Zeigler raced side-by-side for second. Mc-Creadie eventually reclaimed the position, and resumed his pursuit of the leader. Another caution slowed the field on lap 33 when Gregg Satterlee pulled to the pits, ending his three-race Selinsgrove winning streak.

McCreadie immediately pressured Troutman, repeatedly attacking the cushion, entering turn three, before finally sweeping around the outside off turn four to reclaim the lead. Once in front, McCreadie steadily pulled away over the final laps.

"I just think it's a product of sometimes being the leader," McCreadie said. "Sometimes we have several guys to help, and when you don't see a change in a cycle, you get worried, and maybe get off your game a little bit. Drake did some things that I hadn't seen him do, and he opened my lane."

McCreadie also credited light rain showers before the feature for improving racing conditions.

2026 Selinsgrove Speedway Results

“The little bit of rain we had really made the track nice,” he said. “It built up a little cushion that was fun to race on.”

World of Outlaws heat races were won by Troutman, Snook, Zeigler and McCreadie. Jeff Rine and Ethan Dotson captured the Last Chance Showdowns, while Hoffman set fast time with a lap of 18.151 seconds.

In the Limited Late Model feature, Daulton Bigler led early before Zook charged forward from third to challenge for the lead. Zook completed the winning pass on lap nine, and survived several late challenges and cautions to secure his first career victory.

Shaun Miller finished second after a late pass, followed by Bigler, Tyson Mowery and Treyton Lee.

Three earn first wins at Selinsgrove

The Daily Item

SELINSGROVE — Three drivers picked up their first wins ever at Selinsgrove Speedway during a full racing card Saturday night.

In a night that featured Super Late Models, Limited Late Models, 305 Sprints and the USAC East Coast drivers, three of four winners were first-timers.

Christian Bruno captured the USAC East Coast Sprint Cars victory in his first-ever career win at Selinsgrove Speedway, holding off Steven Drevicki and Kyle Spence, moving up seven spots from his No. 8 starting position.

In the Limited Late Model feature, DJ Myers outlasted a field of 19 drivers to win his first checkered flag at the speedway. He started on the pole and earned the victory over Andrew Yoder.
In the 305 Sprints, Timmy Bittner also grabbed his first victory, emerging from a field of 32 drivers. Bittner also won the third heat and picked up three spots in the feature.

In the Super Late Models, Greg Satterlee added to his points lead with another victory over 25 other drivers.

With the win, he leads Ross Robinson by nearly 200 points in the Super Late Model standings.

Selinsgrove Speedway has a busy weekend scheduled coming up.

Part One of the Kramer Cup is scheduled for Thursday night with 410 Sprints and Street Stocks on the schedule. Games open at 5:30 p.m.

On Friday, the Speedway hosts Military Appreciation Night with PASS 305 Sprints, Limited Late Models and USAC East Coast Sprint Cars. Gates Open at 5:30 and all active members of the military and veterans get in for free with valid ID.

PASS 305 Sprint Cars, Limited Late Models, Street Stocks, 4 Cylinders

Jarrett Cavalet survived a late challenge from Josh Spicer and held on through a one-lap dash to the finish to score his first career 305 Sprint Car victory at Selinsgrove Speedway on Friday night.

Cavalet took the lead from Spicer just past the halfway point of the 20-lap feature and then withstood repeated challenges before edging Spicer by 0.21 seconds at the checkered flag. The

victory highlighted a competitive night of racing that also saw Shaun Miller win the Limited Late Model feature, Brandon Moser end Troy Miller's three-race Street Stock winning streak and Justin Williamson claim the 4-Cylinder main event.

Spicer used the outside front-row starting position to grab the early lead in the 305 Sprint Car feature, with Cavalet settling into second ahead of Cole Dewease, Zach Rhodes and Ken Duke Jr. The race was slowed by a caution for debris on lap eight, but the battle at the front intensified as the laps clicked away.

Cavalet remained glued to Spicer's rear bumper before making his move at the flag stand around the midway point of the race. Once in front, Cavalet was unable to pull away as Spicer repeatedly drew alongside the leader in traffic.

A caution on lap 19 erased Cavalet's advantage and set up a dramatic one-lap shootout. Spicer dove low entering the final circuit, but Cavalet maintained momentum and held off the challenge to secure the breakthrough victory.

"I wasn't sure whether I should run the top or the bottom," Cavalet said. "Josh was really fast and I wasn't sure which way he was going to come at me. I really need to thank everyone that works on this car, it's like a second job."

Chris Dolan rallied to finish third, followed by Dewease and Dustin Young. Cavalet and Young captured the evening's qualifying heat races.

The Limited Late Model feature provided another intense battle. Casey Steinhoff paced the opening laps before Shaun Miller began working his way forward from third. After moving past Andrew Yoder, Miller tracked down Steinhoff and slid underneath him entering Turn 1 on lap seven to seize the lead.

The race was interrupted by cautions on laps 11 and 17, but Miller remained composed and maintained control through each restart. Yoder closed the gap during the final laps, but Miller crossed the finish line 0.17 seconds ahead to secure the victory.

"We were rolling the bottom pretty good," Miller said. "When the caution came out there at the end I just took a breath and calmed my nerves because I knew Yoder was coming hard." Steinhoff finished third, followed by Daulton Bigler and Jaxson Garman. Heat race victories went to Maddox Smith, Steinhoff and Lane Snook.

In Street Stock competition, Brandon Moser raced to his 12th career Selinsgrove victory and his first since 2022. Moser led throughout the feature and snapped Troy Miller's three-race winning streak. Jasen Geesaman finished third, followed by Aiden Mitch and Daren Rice.

Justin Williamson captured the 4-Cylinder feature. Adam Campbell, Tyler Stine, Bruce Stine and Ricky Weaver Jr. completed the top five.

Satterlee stays hot, Millers make history at Selinsgrove Speedway
By Steve Williams
For The Daily Item

SELINSGROVE — Gregg Satterlee continued his remarkable start to the 2026 racing season Friday night at Selinsgrove Speedway, dominating the Late Model feature for his fifth victory in six starts while extending his championship points lead. The evening also produced a potentially historic moment as Shaun Miller captured his second consecutive Limited Late Model feature, while his father, Troy Miller, won the Street Stock main event. It marked what is believed to be the first father-son feature sweep in the speedway's history.

Satterlee wasted little time asserting control of the 25-lap Late Model feature. Starting from the outside pole, he surged into the lead at the drop of the green flag and never looked back.

Chris Casner settled into second early before veteran Rick Eckert charged forward and took over the runner-up position. Despite showing speed,

Eckert could not match Satterlee's pace.

2026 Selinsgrove Speedway Results

Two caution periods slowed the race. The first came when Jason Hons, making his first start of the season, stopped on the track. A second yellow flew for Jim Yoder.

Following the restart, fast qualifier Hayes Mattern and Lane Snook moved into contention. Snook's promising run ended abruptly when he suffered a tire failure, and slammed into the Turn 3 fence. Snook was not injured.

The cautions proved to be only temporary interruptions to Satterlee's march to victory. He steadily increased his advantage and crossed the finish line more than 5 seconds ahead of Eckert.

Mattern finished third, followed by Dylan Yoder and Jeff Rine.

"Our car is really good," Satterlee said. "Robbie Allen has it balanced; we can drive it anywhere. Hat's off to Selinsgrove for giving us a great track and for the good purse. It hasn't gone unnoticed."

The victory strengthened Satterlee's spot atop the standings. His only race this season without a win came during the World of Outlaws event, which awarded only show-up points.

In the Limited Late Models, Shaun Miller backed up last week's victory with another strong performance.

Starting from the pole, he grabbed the lead at the start over DJ Myers while George Dixon, Jaxson Garman and Matt Cochran followed closely behind.

The race was interrupted when Andrew Yoder, who had just climbed from his Late Model into his Limited Late Model, crashed heavily into the first-turn fence and retired from competition.

On the restart, Ryan Zook quickly charged into the top four while Garman worked his way past Myers and set his sights on Miller.

A late caution erased Miller's advantage, setting up a dramatic finish. Garman challenged relentlessly over the final laps, but Miller held his line and secured his second consecutive victory.

Garman finished second, followed by Zook, Dixon and Casey Steinhoff.

"This thing was really rolling around the top," Shaun Miller said. "It's been a couple of years since I've been able to do that. Tim Campbell really gave me a good car."

The victory increased Shaun Miller's lead in the Limited Late Model standings.

In the Street Stock feature, Troy Miller took the lead from Jasen Geesaman on Lap 2, and drove to his third victory of the season. Geesaman finished second, followed by Ronnie Dennis, Tommy Dawson and Brandon Moser.

Satterlee wins at Selinsgrove after Snook blows a tire late

By Steve Williams
For The Daily Item

SELINSGROVE — Gregg Satterlee's remarkable season at Selinsgrove Speedway continued Friday night, but not without a dramatic twist.

After chasing leader Lane Snook through traffic for much of the 25-lap Late Model feature, Satterlee inherited the lead when Snook suffered a right-rear tire failure with six laps remaining. Satterlee drove away for his fifth victory of the season at the Speedway.

Defending track champion Kruz Kepner earned his first PASS 305 Sprint Car victory of the year, while Troy Miller captured his third Street Stock feature win Friday.

Snook blasted from the pole to lead the Late Model field at the drop of the green flag, with Coleby Frye, Drake Troutman, Hayes Mattern and Satterlee in pursuit.

An early caution flew when Austin Berry spun in Turn 1, but quick reactions from the rest of the field prevented a multi-car accident.

Following the restart, Troutman slipped into second while Satterlee climbed to fourth before advancing to third two laps later. As lapped traffic entered the picture, Snook's comfortable advantage quickly disappeared.

Troutman closed to Snook's rear bumper before Satterlee joined the battle, creating a three-car fight for the lead.

With nine laps remaining, Snook and Troutman crossed the start-finish line side-byside before Snook managed to regain a slight advantage. Satterlee then edged into second, and appeared poised to challenge for the lead.

Instead, misfortune struck the race leader.

Snook's right rear tire exploded with six laps to go, forcing him to slow and surrender the lead. Satterlee seized the top spot and pulled away to win by more than three seconds over Mattern. Justin Weaver finished third, followed by Frye and Troutman.

"The track was really great tonight. There was a track full of cars, and you could go anywhere," Satterlee said. "I was trying to be patient and let the cars in front of me make mistakes. I don't know what happened to Lane, if he got a flat, but he's fast and he'll get a bunch of wins."

Weaver, Snook and Troutman won the Late Model heat races, while Mattern topped qualifying with a lap of 18.432 seconds.

Kepner wasted little time taking control of the PASS 305 Sprint Car feature. Starting inside the second row, he charged around the front row to grab the lead over Dylan Shatzer, Chris Dolan, Tyler Erdley and Timmy Bittner.

The race was red-flagged on the opening lap after Cody Hoover and Shelby Kelly collided in Turn 3. Neither driver was injured.

2026 Selinsgrove Speedway Results

Erdley advanced to second by Lap 4 before point leader Dolan reclaimed the position five laps later. He began reeling in Kepner, and a caution for debris with five laps remaining erased Kepner's 0.6-seconds advantage.

During the caution, Dolan stopped on the track after his safety belts came loose. Officials ruled it a safety issue, and he was restored to second for the restart.

Kepner remained flawless over the closing laps to secure his first victory of the season and the fourth Selinsgrove Speedway win of his career. Dolan finished second, followed by Bittner, Erdley and Mike Alleman.

"We've been running a different program this year," Kepner said. "I've stepped away from the wrenches during the week, so the guys working on this car are even more important."

Bittner, Erdley and Dustin Young won the 305 Sprint heat races, while Chad Phillips claimed the consolation.

In the Street Stock feature, Troy Miller led every lap to earn his third victory of the season. Miller and Jasen Geesaman took the preliminary heats.

Satterlee runs to another Late Model win

By Steve Williams For The Daily Item

SELINSGROVE — In his six wins at Selinsgrove Speedway this season, one constant for Greg Satterlee in victory lane is his daughter Prudence. On Saturday night, Prudence was back in her favorite place with her favorite driver, but this time she was holding a trophy she had won earlier in the very popular kids' night bike races.

The four-division program also produced a first-time winner. Chad Phillips led every lap to capture the first PASS 305 Sprint Car feature victory of his career, while Andrew Yoder recorded his first Limited Late Model win of the season with a wire-to-wire effort. Christian Bruno completed the night’s list of feature winners by surviving contact with Kenny Miller late in the USAC East Coast Wingless Sprint Car feature before pulling away to victory.

Satterlee’s latest triumph did not come easily. His arch nemesis, Lane Snook, appeared ready to snap Satterlee's winning streak after racing to the lead at the drop of the green flag, building a comfortable advantage while Hayes Mattern, Rick Eckert and Ross Robinson battled for second place.

A caution for Christian Neiderer on lap 13 tightened the field and allowed Eckert to move into second on the restart. One lap later, Satterlee climbed to third and began closing on the leaders.

A scary-looking wreck occurred on lap 16 when Justin Weaver spun in Turn 3, triggering a chain-reaction accident. Dylan Yoder, with nowhere to go, climbed another car and rolled several times before coming to rest on his roof. Shaun Jones, Greg Diehl, Jeff Rine and Jim Yoder also were collected in the incident. Despite the spectacular crash, no drivers were injured.

The restart provided the opportunity Satterlee needed.

Diving beneath Snook entering Turn 1, Satterlee executed a slider to seize the lead. Snook answered by pulling alongside down the backstretch, but Satterlee’s momentum carried him back in front entering the next corner.

Another caution flew three laps later when third-running Eckert slowed. Satterlee then drove away over the closing laps, taking the checkered flag nearly two seconds ahead of Snook. Mattern finished third, followed by Matt Cosner and Chris Casner.

“The cautions hit me just right,” Satterlee said. “I thought Snook was going to get me back, but my car was so balanced I was able to hold the lead.”

Mattern, Snook and Satterlee won the Late Model heat races, while Mattern and Snook shared fast time in qualifying with identical laps of 18.802 seconds.

Phillips delivered another of the night’s headline performances in the PASS 305 Sprint Car feature.

After the original start was called back, Phillips grabbed the lead over Mike Melair, Tyler Snook, Dustin Young and Mike Alleman and quickly established himself as the driver to beat. Doug Dodson found speed around the cushion and climbed into third before Melair began trimming Phillips’ advantage as traffic approached.

2026 Selinsgrove Speedway Results

The race was interrupted with six laps remaining when a brief rain shower brought out the caution. Following the delay, Phillips maintained his composure despite heavy pressure behind him.

Dodson briefly challenged Melair for second before points leader Chris Dolan slipped underneath both drivers and mounted one final charge. Phillips, however, never faltered, driving to the first feature victory of his career.

The USAC East Coast Wingless Sprint Cars produced perhaps the night's most dramatic finish.

Kenny Miller blasted into the early lead and quickly stretched his advantage to nearly four seconds while Christian Bruno and Steven Drevicki battled for second. Bruno eventually secured the position and patiently began closing on the leader.

After cautions for Greg Shepsis and Gary Huston slowed the pace, Bruno survived a near miss with Huston's spinning car before mounting his winning challenge.

On lap 18, Bruno drove deep into Turn 3, slid across Miller's nose and the two leaders made contact before brushing the outside wall. Both maintained control, but Bruno emerged with the lead.

A final caution on lap 23 set up a green-white-checkered restart, and Bruno left little doubt over the final two laps, pulling away for the victory over Miller. Kyle Spence finished third, Drevicki was fourth and Curt Stroup completed the top five.

Bruno, Miller and Ed Aiken won the Wingless Sprint Car heat races.

Andrew Yoder won his first race in over a year by leading every lap of the Limited Late Model feature. Jaxton Garman finished second, followed by Daulton Bigler, Shaun Miller and Casey Steinhoff. Bigler and Miller captured the division's heat race victories.

Wagaman runs to first 410 Sprint win at Selinsgrove

By Steve Williams For The Daily Item

SELNSGROVE — Troy Wagaman Jr. took full advantage of Chase Dietz racing at Knoxville Raceway in Iowa on Friday night, scoring his first career victory at Selinsgrove Speedway and dramatically tightening the PA Posse 410 Sprint Car Series championship points race.

Wagaman started from the outside pole and led all 25 laps, turning Dietz’s absence into a major opportunity in the points standings. The victory cut Wagaman’s deficit to Dietz from 95 points to

2026 Selinsgrove Speedway Results

23, while Lance Dewease, who entered the night third in points, fell from 141 points behind Dietz to 121 after retiring with a flat tire.

Driving the Heffner Motorsports No. 27, Wagaman grabbed the lead at the start from Justin Whittall, with Lucas Wolfe, Logan Wagner and Austin Bishop following.

Wagaman quickly opened a comfortable advantage while Wagner, Wolfe and Bishop battled for third. Wagner eventually secured the position, and Freddie Rahmer moved into fourth by the halfway point.

The championship picture changed again on Lap 14 when Dewease slowed with a flat tire. Under the ensuing caution, Kody Lehman also suffered a flat, although he was able to return to the race. Dewease was unable to continue.

On the restart, Wagner drove around Whittall to move into second, but Wagaman was already pulling away from the field.

Wagaman went on to win by a comfortable margin over Wagner, Whittall, Rahmer and Wolfe.

“I was really good in one and two,” Wagaman said. “I was bottoming out at the other end, but this thing was really flying. I knew I was going to have to get ahead of Justin (Whittall) at the start. I think we were three-wide.”

Whittall, Bishop, Kody Hartlaub and Wolfe won the 410 Sprint Car heat races. Whittall established fast time of 15.892 seconds.

Austin Reed made an equally impressive move at the start of the 358 Sprint Car feature, charging from sixth to first and never looking back to win the Joe Whitcomb Memorial.

Reed immediately moved ahead of Chase Gutshall, Andy Best, Bryn Gohn and Brock Hammaker.

“I’ve run a few laps here over the years, so I was just hoping the guys in front of me dropped down a lane,” Reed said. “When they all did, I just stood on it.”

Reed built a 3.5-second lead by halfway and cruised to his fourth career Selinsgrove victory. Best finished 2.423 seconds behind, followed by Gutshall, Hammaker and Gohn.

Will McNeal and Best won the 358 Sprint Car heats.

Tony Jackson won the Wingless Super Sportsman feature after taking the lead from Steve Wilbur on Lap 7.

Andy Burkhart led the opening laps before Wilbur moved into second on Lap 2. Jackson then joined the battle and raced Wilbur side by side before taking command on Lap 7.

Wilbur, Brett Perigo, Marty Brian and Scott Smith completed the top five. Wilbur and Jackson won the heat races.

Harris ends Satterlee's win streak; bounty continues
By Steve Williams For The Daily Item

SELINSGROVE — Clay Harris traveled from Jupiter, Florida, to Selinsgrove Speedway Friday night looking to claim a $1,000 bounty placed on Gregg Satterlee, but the Late Model driver left with the victory and the bounty still alive.

Harris, making only his second career appearance at the 80-year-old speedway, won the 25-lap Late Model feature after Satterlee’s rear end failed on lap 20. Because Satterlee did not finish the race, the bounty will carry over to next week’s program. The challenge attracted several high-profile drivers, including competitors from the Lucas Oil and World of Outlaws Late Model Series.

The initial start of the Late Model was quickly red-flagged when several cars spun and blocked the track in the second turn.

2026 Selinsgrove Speedway Results

Jon Rohacevich, Drew Weisser, Mike Lupfer and Andrew Yoder were involved. All drivers were uninjured.

On the restart, Lane Snook rocketed to the point, followed by Rick Eckert, Hayes Mattern, Harris and Ross Robinson.

Dylan Yoder and Greg Diehl got together in the second turn and brought the yellow out again on lap one.

Harris moved into second on the restart after Mattern and Eckert battled for the position. Harris took advantage of their fight, passing both drivers in one move.

Snook, who set a new track record of 18.106 seconds in time trials, led the opening laps. His night nearly ended on lap 13 when an interior panel came loose and obstructed his vision. Snook slowed and stopped on the backstretch while the panel was removed, then returned to competition.

Harris inherited the lead and began to pull away as Mattern battled Drake Troutman and Satterlee for the remaining podium positions.

Satterlee, who had won six races this season and prompted the bounty, appeared to be headed toward another strong finish before his rear end failed on lap 20. His car stopped on the track, bringing out the caution and ensuring the $1,000 would be available again next week.

Mattern’s night ended two laps after the restart when his right rear tire failed. Harris then controlled the remaining laps, with Troutman making a late charge to finish second. Ross Robinson was third, followed by Justin Weaver, who started 21st, and Eckert.

“The track started the night off real heavy,” Harris said. “The track crew rolled in and made it nice. It was hard to pass on, so I knew if I got out front it would be really hard to get by me.”

Snook, Mattern and Troutman won the Late Model heat races.

Doug Dodson captured his first PASS 305 Sprint Car feature of the season, taking the lead from Mike Alleman on lap three and holding off Logan Spahr.

Spahr pressured Dodson throughout the race and pulled alongside several times but could not complete the pass. Lapped traffic entered the picture with three laps remaining, but Dodson maintained his advantage to beat Spahr, Alleman, Tyler Erdley and Ken Duke Jr.

“The track was great tonight,” Dodson said. “This right rear is used and was sitting in the shed for five years because it was a little small, but I decided I was going to put it on tonight and use it.”

Chris Dolan, Cole Dewease and Spahr won the PASS 305 heat races.

Jasen Geesaman won his second Street Stock feature of the season after starting fourth. He passed Brandon Moser and point leader Troy Miller on consecutive laps following a restart and pulled away to beat Miller, Aiden Mitch, Tommy Dawson and AJ Stroup.

Geesaman, Stroup and Brad Mitch won the Street Stock heat races.

Australian driver claims Selinsgrove main event
By Steve Williams
For The Daily Item

SELINSGROVE — Sunshine Coast, Queensland, Australia isn't quite the opposite side of the world from the Selinsgrove Speedway, but it's as far as the winner of a 410 Sprint Car race has ever come to race in Snyder County.

Ryan Newton inherited the lead Sunday night after a scary crash on lap 9, and drove to a convincing victory over Danny Dietrich, who was the first person to greet him in victory lane with a big hug.

Austin Bishop grabbed the lead at the start of the 410 Sprint Car feature, followed by Newton, Chase Dietz, Justin Whittall and Dietrich.

The red flag was unfurled on lap two, as Kody Hartlaub flipped and hit the top of the guardrail in turn one. Jake Waters was also involved. Both drivers were uninjured.

Bishop and Dietz raced nose to tail when the pair caught the back of the field on lap nine. Bishop went low into turn one to avoid a lapped car, and spun, collecting Dietz, who cartwheeled his racer. With no place to go, Whittall slid into Dietz. Whittall immediately exited his car and ran to Dietz's overturned racer to aid his friend.

All drivers walked away from the spectacular accident with Whittall able to rejoin the action.

2026 Selinsgrove Speedway Results

The mishap put Newton in the lead, ahead of Dietrich, Michael Walter, Tyler Ross and Steve Buckwalter.

Newton and Dietrich exchanged slide jobs, and the lead at opposite ends of the track before Newton was able to hold the point.

A caution for Jayden Wolf, who slowed on the track on lap 14, gave Dietrich another opportunity at the lead Dietrich again attempted a slide job on Newton, but Newton countered by carrying momentum around the high side of the track. From there, he pulled away and was never seriously challenged over the final laps.

Newton crossed the finish line 1.5 seconds ahead of Dietrich, followed by Ross, Walter and Jake Karklin.

“My car was really good up high,” Newton said. “I knew if I could hold off Danny (Dietrich) on the restarts, I would be real hard to get by.

“It feels great to not only win in Central Pennsylvania but to beat one of the best around here.”

Mark Smith, Bishop and Newton won the 410 Sprint Car heats. Whittall set a fast time of 16.016 seconds in time trials.

After multiple stoppages at the beginning of the Street Stock race, Jasen Geesaman took the lead and wired the field for
his second win in a row and third on the season.

Geesaman beat his teammate Troy Miller, Brandon Moser, AJ Hoffman and AJ Stroup.

Street Stock heats were won by Miller and Moser.

Satterlee hits big payday with another Selinsgrove win
By Steve Williams
For The Daily Item

SELINSGROVE — Greg Satterlee came to Selinsgrove Speedway Sunday night with two targets in sight: The $10,063 winner's check for the Paul Long Memorial and the $1,000 bounty that had been hanging over his head for more than a month after being undefeated in the Late Models.

He got both. Satterlee, running second early, worked his way around the high-flying Hayes Mattern and made the decisive move in Turn 4 on Lap 17. From there, the Indiana, Pennsylvania, veteran was never seriously challenged, cruising to the convincing victory and adding another $1,000 to his payday.

"The track was in great shape and you could race anywhere," Satterlee said. "I was moving around, gauging where I could make up time on Hayes. He was running up by the fence and didn't move around, so that helped."

The win was especially satisfying after Satterlee struggled in qualifying and his heat race.

"I wasn't real good in time trials or the heats, so we adjusted a few things and I stayed patient," he said. "It's good to get going again here for the end of the season and the big-money races."

There was no shortage of drivers willing to take a shot at the bounty.

2026 Selinsgrove Speedway Results

Mason Zeigler, fresh off a victory in Saturday night's Butch Renninger Memorial at Port Royal Speedway, made the 35-mile trip up Route 35 looking to make it two wins in two nights — and collect Satterlee's bounty in the process.

He came up one position short. Zeigler finished second, with Mattern third after earlier setting a fast time of 18.576 seconds. Matt Cosner and Ross Robinson

Chris Dolan finally broke through in the PASS 305 Sprint Cars.

The York youngster, who recently took over the series points lead through a string of consistent finishes, had been searching for his first victory. He found it Sunday.

Dolan took the lead from Fred Arnold on the second lap and quickly established himself at the front. His biggest concern was navigating lapped traffic as he drove away from Ken Duke Jr.

Duke finished second, followed by rookie Tyler Erdley, Mike Alleman and Timmy Bittner.

The Limited Late Model feature produced the night's closest late-race battle.

Andrew Yoder appeared headed for an easy victory after charging to the front at the start and building a lead of more than two seconds. Shaun Miller, however, steadily worked his way forward, searching the bottom and other grooves for speed.

With three laps remaining, Miller caught Yoder and took the lead in Turn 3.

But the lead changed hands again almost immediately in turns one and two.

A lapped car slowed Miller, allowing Yoder to regain the advantage out of the second turn. Miller came charging back and tried the low line in Turn 3, only to catch the inside guardrail and bring out the caution.

Miller returned to the race, but Yoder held on for the win.

Tony Jackson capped the weekend with his second victory in as many nights, winning the Wingless Super Sportsman feature at Selinsgrove after taking Saturday's 100-lap Winged Super Sportsman race at BAPS Speedway.

Dietz adds Selinsgrove Speedway win to his resumé
By Steve Williams For The Daily Item

SELINSGROVE — Chase Dietz is the winningest sprint car driver in the country, with victories at speedways across the nation, with the exception of Selinsgrove Speedway.

That changed Friday night in the Night before the Jim Nace Memorial National Open.

Dietz dominated the stout competition in the warm-up race, taking the lead from young Buddy Schweibenz, who was driving the famed Kreitz 69K for the first time.

Schweibenz rocketed to the front of the sprint car feature, followed by an arsenal of big-name drivers. Dietz, Danny Dietrich, Anthony Macri and Justin Whittall were all racing in the top five.

2026 Selinsgrove Speedway Results

Jason Shultz rolled to a stop on the speedway to bring out the caution on lap three.

That didn't slow Schweibenz as he again assumed a big lead.

Dietz stalked Schweibenz for the first 10 laps and took advantage of lapped traffic to pass for the lead in the first turn.

"Buddy (Schweibenz) got off to a fast start, but I knew when the fuel load burned off we'd be alright," Dietz said in victory lane. "He got into lapped traffic and lost the left rear a few times, so I was able to get a run on him and get by."

Once in the lead, Dietz was never challenged. Schweibenz comfortably rode around in second because of the battle behind him between Macri, who recently returned to the seat of his family's car after recovering from injuries, Dietrich and Whittall.

"We've been fast here all year but just haven't been able to get it done so it feels good to win," Macri said. "We weren't real good in time trials but my guys just kept working on the car to make it faster. Hopefully we learned a few things and can win the $26,000 tomorrow night."

Dietz's winning margin was 3.9 seconds.

410 Sprint Car heats were won by Dietrich, Austin Bishop, Whittall and Logan Rumsey. The consolation was won by JT Berry.

Schweibinz also set a new track record in time trials of 15.410 seconds, breaking the previous mark of 15.428 seconds held by TJ Stutts since April 21, 2024.

Dustin Young was the winner of the PASS 304 Sprint Car feature from the outside pole position. He jumped out to the early lead over pole sitter John Braim, Tyler Erdley, Logan Spahr and Cole Dewease.

The restart after an early caution saw Erdley take over second while Ken Duke Jr. showed some speed to reach the top five.

By the halfway mark of the race, Dewease was running second and starting to chip away at the lead and with five to go was on Young's rear nerf bar.

As Young struggled with lapped traffic, Erdley rejoined the fray and was battling with Dewease, giving Young enough breathing room to tie his second victory at the track by .694 seconds.

Dewease held off Erdley for the runner-up position while Duke and Spahr rounded out the top five.

"I used to sit up in the first turn as a kid and watch drivers pull into victory lane and think, 'I could do that' and here I am."

Kyle Hart, Braim, Erdley and Dewease won the 305 Sprint Car heats. Dylan Shatzer won the consolation.

410 Sprint Car Jim Nace Memorial National Open, PASS 305 Sprint Cars

Dietz sweeps weekend, claiming Jim Nace Memorial
By Steve Williams For The Daily Item

SELINSGROVE — Chase Dietz capped a dominant weekend at Selinsgrove Speedway Saturday night, tracking down Anthony Macri in lapped traffic to win the Jim Nace Memorial and collect $26,000.

2026 Selinsgrove Speedway Results

The victory completed a two-night sweep of the track's biggest weekend and secured Dietz the 410 Sprint Car track championship by 105 points over Ryan Taylor.

Dietz's latest triumph also continued a remarkable season. He entered the event with an incredible run in central Pennsylvania, having already clinched the Williams Grove Speedway championship and won that track's National Open the previous weekend. Saturday's victory was his 26th of the season, the most in the nation.

Macri took command early in the 410 Sprint Car feature and built a sizable lead before Dietz began closing the gap. On lap 17, Dietz found his opportunity in traffic, using a strong run through turns three and four to pull alongside Macri and complete the pass on the frontstretch.

"We were running up at the wall, not lifting, slicing through the traffic," Dietz said. "He was sliding up the track, so I didn't think I would be able to slide-job him.

"I just got a good run through three and four and got beside him coming off four. I was able to get by him on the front and take the lead. At a place like this, lapped traffic can tighten things up real fast."

Dietz pulled away to win by 1.22 seconds over Macri. Danny Dietrich, Justin Whittall and Troy Wagaman completed the top five.

"Wow, that was fun," Dietz said. "This is the race I really wanted here at Selinsgrove. My guys have been working so hard, and we had some bad luck earlier in the season."

Dallas Schott established the fastest qualifying time at 15.585 seconds. Wagaman, Dietz, Macri and Whittall won the heat races, while Mike Thompson captured the consolation.

In the PASS 305 Sprint Car feature, Landon Thompson of Fort Worth, Texas, led from the start and held off a late charge to earn $2,600.

Tyler Erdley closed rapidly and, with five laps remaining, pulled alongside Thompson entering the first turn. Erdley's move carried him high, costing him momentum and allowing Logan Spahr to move into second.

The top three ran nose to tail to the finish, with Thompson winning by four-tenths of a second. Erdley recovered to finish third, behind Spahr. Ken Duke Jr. and Cole Dewease rounded out the top five.

"We don't have tracks this big in Texas," Thompson said. "There is a half-mile, but it's smaller than this. I race at Kennedale Speedway Park, and it's a little quarter-mile."

Thompson said he connected with the Weavers during the RaceSaver Nationals at Eagle Raceway earlier in the summer. George Weaver encouraged him to come to Pennsylvania, and the opportunity to compete in the season's richest race brought him to Selinsgrove.

The 305 championship was also decided on the final night of the season. Chris Dolan entered the feature leading former champion Duke, needing only a 13th-place finish or better to secure the title. Dolan finished seventh to claim the championship.

Colby Womer, Zach Rhodes, Thompson, Chris Dolan and Dewease won the 305 heat races. Mike Alleman won the consolation.
